Many times over the course of a year we have opportunities to “give” to others. Gifts come in all sizes and shapes, but are always a welcome sight since they are given from the heart. It has become a little more difficult to give monetarily in these economic times. What we are not always aware of is that even the smallest gift, when placed side by side with others, makes a big difference. We are nearing the end of our campaign to erect an addition to our current Cardinal Mooney Catholic sight. This addition stands for a commitment to our children, to education and to our Catholic faith. This new building will be a gift that will last a lifetime.

If you have not been able to give in the past, I encourage you to do so today. Together, we will be able to achieve our goal and see our dream become a reality. We are hoping to complete the drive this year so that we will be able to have our Grand Opening next fall! Just a few dollars will allow us to open the doors to new science and computer labs and will enable us to continue the quality of education we have been able to give our students in the past.

Please complete this form and return it to Cardinal Mooney Catholic as soon as possible. There is no time like the present to give a “present” to others. May God continue to bless you and yours.
